Subject: Re: Fwd: FW: UNCRC Incorporation - A letter from children and young people to SNP Leadership Candidates

Good Evening,

Firstly, accept our apologies for the delayed response.

Please be assured that Ms Regan is wholeheartedly committed to bringing back the UNCRC Incorporation Bill quickly if elected as First Minister. The bill has waited too long, and the Scottish Government must honour the commitment it gave to children and young people. Ms Regan will do this as a matter of principle, and of priority.

We will ensure we work across government, sector, and party to deliver on this commitment in a speedy manner, with children and young people along the way in partnership with Together Scotland, Scottish Youth Parliament, Children's Parliament, and other partners.

Kind regards,

[REDACTED]
